Interpreting progress scores

Progress scores will be centred around 0, with most schools within the range of -5 to +5.

- A **score of 0** means pupils in this school on average do about **as well** at KS2 as those with similar prior attainment nationally.
- A **positive score** means pupils in this school on average do **better** at KS2 as those with similar prior attainment nationally.
- A **negative score** means pupils in this school on average do **worse** at KS2 as those with similar prior attainment nationally.

A negative score does not mean that pupils did not make any progress, rather it means they made less progress than other pupils nationally with similar starting points.
